

My Furry Friends K-9 Training

Policies & Safety Rules

Policy 1: Owner(s) or handler(s) must sign and complete the Liability Waiver, Photography Waiver, and Informed Consent prior to or at the first training session.

Policy 2: Dog(s) in heat are not permitted to attend training sessions.

Policy 3: All dog(s) are required to have current Rabies, Bordetella, and DA2PP/DHPP vaccines prior to the first group class training session. Copies of current vaccinations must be provided to the instructor prior to any training session. Dog(s) suspected of having an illness or who present an illness (Kennel Cough, Parvo, Distemper, Bacterial Infection(s), Worms) are not permitted to attend training. Owners are still encouraged to attend without their dog.

Policy 4: Because small children may be at an increased risk of injury and/or may be a distraction to the owner/handler, children over 12 may attend class with adult supervision but may not handle dogs during the training sessions.

Policy 5: If you or your dog start showing signs of stress, just take a quick break. When a dog is too stressed out, their brains will not absorb as much information. Leaving the situation and taking a break can alleviate stress and learning can continue. Training is supposed to be FUN!

Policy 6: If attending a course, dog(s) must be human and dog friendly. If the owner is unsure, they must request an evaluation from the instructor in advance. Any known aggression or behavioral incidents or concerns must be disclosed to the trainer prior to any training sessions.

Policy 7: Owner must maintain dog(s) on a leash and should remain 3-feet away from other dogs at all times unless instructed by the trainer.

Policy 8: Owner(s) must bring a leash, collar/harness, and treats (if dog has known allergies/sensitivities) to training. Training equipment must fit properly; substandard or unauthorized training equipment will be asked to swap equipment or not attend class. Instructor(s) will provide the following equipment: training aids, treats, socialization equipment, homework instructions, and clickers. If your dog is picky on treats, you can bring some that you know your dog will LOVE.

Policy 9: If attending a course, owner(s) must pay in full prior to or on the first class or provide a \$25 deposit prior to the course to reserve their slot.

Policy 10: Homework is mandatory for course completion and to continue training sessions. Lack of progression may result in termination of training.
